## 5. FORMAT and RULES

5.1 The format for matches is 6-a-side pairs cricket.

5.2 The matches will be played on pitches that are 16 yards long, from wicket to wicket.

5.3 Teams start on 0 when they bat. Fielding runs gained by taking wickets are added at the end.

5.4 The batting team are organised into three batting pairs, with each pair facing 10 balls (innings 30 balls)

5.5 The number of balls in an over may vary – this is determined by the host venue and their schedule.

5.6 Runs are scored as in the normal rules of the game.

5.7 Generally, there are no boundaries and all runs are run, unless local rules dictate.

5.8 If the ball is struck across an adjacent pitch, umpires should suspend play to allow the ball to be retrieved.

5.9 Each time a batter is out, 5 runs are awarded to the fielding team, and the other batter of the pair faces the next ball.

5.10 Batters change ends at the end of each over.

5.11 A batter may be out bowled, caught, run out, stumped, hit wicket.

5.12 There is no LBW rule unless the batter deliberately blocks the ball with a leg or foot.

5.13 Batters do not have to wear batting pads and they may wear batting gloves if they are using bats with rubber grips. Batting gloves MUST NOT be worn when using softball cricket bats without rubber grips.

5.14 As we are playing with soft ball, helmets are not compulsory, however, they may be worn if preferred.

5.15 Free Hit - Following a no ball or a wide, the batter receives a “free hit” from the batting tee, and any runs scored are added to the total for that delivery (for example 2 runs for a wide, plus 1 run from the “free hit” = 3 runs).

5.16 Batting Tees are kept immediately behind the striking end wicket. Once the tee has been moved into position near to the batting crease and everyone has retired to a safe distance, **batters have 3 seconds** to take their free hit, which must be **hit in front of square**.

NOTE: - The Free Hit is not an additional ball. It is part of the wide or no ball which preceded it.

NOTE: Batting Tees are to be provided by the hosting club. The Tees should be Yellow Countdown Tees. Blue Kwik Cricket Tees may be used if Yellow are not available. There is a slight difference in the height of these Tees. Whichever Tee is used, the colour/type must be consistent at all pitches.

5.17 If the Free Hit goes directly behind square, all runs from the hit are lost. If the Free Hit starts off in front of square but ends up behind square, any runs completed may be added to the score.

5.18 In the fielding team there are 6 fielders, including the wicketkeeper.

5.19 Each of the fielding side bowls 5 balls.

5.20 No-balls & wides are scored as 2 runs to batting team and no extra delivery to be bowled.

5.21 Bowling is from one end only, decided by the Festival Organiser, but may be changed by the umpires in the interest of safety or practicality.

5.22 Fielders may be substituted between overs, or at any time in the case of injury to a player.

5.23 With the exception of the wicketkeeper, no fielder is allowed within 10 yards of the batter until the ball is played by the batter (this includes slip/gully area).

5.24 Overarm bowling is encouraged for all deliveries. **Players must attempt at least 2 overarm deliveries** with the first two balls, however, if the player is experiencing difficulties and bowls no balls and wides, she may revert to underarm bowling to complete the five balls.

5.25 Fielders do not have to rotate position after each over.

5.26 Wicket keepers may keep for entire innings or can be changed and allowed to bowl if required.

5.27 Wicket keepers MAY wear wicket keeping gloves.

5.28 No extra ball for wide or no ball – penalty 2 runs to batting team, except in the last over of each innings, where the penalty for a wide remains as 2 runs.

5.29 Penalty runs are added to any runs that are scored from no balls or wides. For example, if two runs are scored as a result of byes from a wide ball, then the total number of runs would be 4, 2 + 2.
